### About - Brand Story

Logan Smythe & Associates is an insurance risk business, offering a holistic approach to the insurance world, empowering and educating clients to understand their liability and mitigate that risk.

With an experienced team of financial advisors with a combined 40 plus years' experience, we are experts in our field, solving complex problems and providing adaptable solutions to each individual's situation. Insurance is not a one size fits all. As a professional service aligned with other professionals, we can empower the client to be at the centre of their decision-making to understand what risk they want to retain and what risk they need to transfer. Each individual will have a different approach and outcome based on their experiences and lifestyle. Logan Smythe & Associates offers clients stability and durability while tailoring our insurance services to their unique needs.
